**Introduction**

OptomCAS is the centralized application service for the Association of Schools and Colleges of Optometry (ASCO) and is administered by Liaison International Inc., an education information technology company located in Watertown, MA. OptomCAS allows optometry applicants to use a single web-based application and one set of materials to apply to multiple schools and colleges of optometry. Applicants who apply through OptomCAS submit a completed web-based application comprised of biographical data, colleges and universities attended, academic course history, letters of recommendation, work experience, extracurricular activities, honors and a personal essay. It is the applicant’s responsibility to read and follow specific instructions for OptomCAS and the schools and colleges of optometry.

OptomCAS began its first year on July 15, 2009 for Admissions Cycle 2009-2010. Since its implementation, all eligible schools and colleges of optometry have participated in the centralized application service. OptomCAS provides validated numbers for the optometry application process.

This report will focus on Admissions Cycle 2018-2019. This cycle opened on June 28, 2018 and closed on June 3, 2019. The application fee was $175 for one institution and $70 for each additional institution.

**Participating Institutions for 2018-2019**

As noted in Table 1, twenty-three schools and colleges of optometry participated in OptomCAS in Admissions Cycle 2018-2019.

</table>

There was a 2% decrease in the number of applicants compared to the previous cycle. The total verified applications decreased by 4%.

Designations

The top three designations for applicants to the Doctor of Optometry program were: Salus University Pennsylvania College of Optometry, Illinois College of Optometry and Nova Southeastern University College of Optometry (reference Table 3). Please note these are OptomCAS applicant numbers and some institutions have a supplemental application that must be completed before an applicant will be considered for their program.

Demographic Information on the Doctor of Optometry Applicant

OptomCAS demographic data are captured on the OptomCAS application. This information cannot be verified by Liaison staff.

Gender

Figure 1.

As shown in Figure 1, females comprised 70% of the OptomCAS applicant pool with males at 29%. Less than 1% of the applicant pool’s gender was unknown. This was the same as last application cycle.
Age

Figure 2.

Figure 2 shows that the majority of applicants were in the 20-25 age range followed by the 26-30 age range. The average age for all applicants was 23.2 with a median age of 22. The youngest applicant was 18 and the oldest was 61. There was no significant change from the previous OptomCAS admissions cycle regarding age.

Race/Ethnicity

Figure 3.

As shown in Figure 3, the majority of applicants were White (46%) with the other applicants reporting Asian (32%); Hispanic/Latino (11%); Black/African-American (5%); Two or More Races
(3%); American Indian/Alaska Native (less than 1%); and Native Hawaiian/Other Pacific Islander (less than 1%). Three percent of applicants did not report a race.

Figure 4.

![OptomCAS Applicants by Race/Ethnicity](image)

As shown in Figure 4, the only major shift from last application cycle was with the Did Not Report category, which decreased to 3% this cycle.

Citizenship

Figure 5.

![OptomCAS Applicants by Citizenship](image)
As shown in Figure 5, the majority of applicants in 2018-2019 were US citizens at 88%; 5% were non-residents; 5% did not report; 2% were permanent US residents; and less than 1% were temporary US residents.

**State of Residence**

The top five states where OptomCAS applicants claimed their state of residence in 2018-2019 were: California, Texas, New York, Florida and Illinois. There were 212 applicants from Canada. In the 2017-2018 Admissions Cycle, the top five states were the same with 205 applicants from Canada.

**First Generation College Student**

In 2018-2019, 64% of OptomCAS applicants had a parent who attended/graduated from college, while 32% of applicants are first generation college students. Four percent declined to answer the question. There was not a significant change from last year.

**Military Experience**

Less than 1% of OptomCAS applicants had previous military experience, which was the same as the last admissions cycle.

**Influences**

The top five influences on why an applicant chose to apply to a Doctor of Optometry program were: non-relative optometrist, a parent who is a non-optometrist, relative optometrist, other health professional and friend. These influences were the same as last admissions cycle.

**Academic Information on the Doctor of Optometry Applicant**

**Major**

The most selected major on the OptomCAS application was Biology. Biology was also the top major last year.

**Institution**

The top five spots for feeder institutions for OptomCAS applicants in 2018-2019 were: University of Houston; University of Texas; The Ohio State University; University of California, Los Angeles; and University of Central Florida. In 2017-2018, the top five feeder schools were: University of Houston; University of California, San Diego; University of California, Los Angeles; University of Texas; and University of California, Irvine.
**GPA**

OptomCAS calculates a standardized GPA to aid the schools and colleges of optometry in evaluating applicants using uniform and consistent criteria. The overall cumulative GPA for all applicants was 3.36 – for males it was 3.35 and 3.36 for females. The GPAs were similar in the last admissions cycle – 3.31 for males and 3.35 for females.

---

**Accepted Profile of the Doctor of Optometry Applicant**

---

**Gender**

**Figure 6.**

![Pie chart showing the percentage of accepted applicants by gender.](image)

For Admissions Cycle 2018-2019, 69% of accepted applicants were female and 31% were male. This was the same in the 2017-2018 application cycle.

**Age**

The median age for accepted applicants was 22 years old. It was the same last cycle.

**Race/Ethnicity**

As shown in Figure 7 below, American Indian/Alaska Native had the highest rate of acceptance at 100%, followed by White at 84%; Two or More Races at 82%; Asian at 79%; Did Not Report at 75%; Hispanic/Latino at 69%; Black/African-American at 61%; and Native Hawaiian/Other Pacific Islander at 40%.
Figure 7.

OptomCAS Comparison of Accepted Applicants by Race/Ethnicity
2017-2018 vs. 2018-2019

All races/ethnicities except Native Hawaiian or Other Pacific Islander increased the rate of acceptance from 2017-2018.

GPA

For 2018-2019, the average overall GPA for accepted applicants at the twenty-three schools and colleges was 3.44.
